**GYLLEN PROMOTED TO WESTWOOD VICE PRESIDENT, NATIONAL OFFICE LEAD**

February 15, 2010

MINNEAPOLIS, MN – [Westwood Professional Services, Inc.](http://www.westwoodps.com), is pleased to announce the recent appointment of Scott Gyllen to the position of Vice President and National Office Director. Though Gyllen will maintain his role managing a Westwood office in St. Cloud, Minnesota, his primary responsibility is to oversee the operations of all Westwood offices across the country.

As Westwood’s National Office Director, Gyllen will coordinate with branch office managers to assure success and consistency across Westwood’s business units. Gyllen has been an integral part of Westwood for more than 24 years. As a long-time employee and branch office manager, he understands the challenges associated with combining corporate methods and communications with local processes and cultures. Gyllen excels at building internal teams across the miles.

He says, “I am excited to be working with and supporting all of our branch office staff. Each group provides unique opportunities to Westwood and I look forward to supporting them with the tools they need to be successful.” The “National Office Director” is a new position at Westwood and Gyllen sees much benefit in establishing that role, “My job is to provide the guidance to support the overall vision of the company, which will result in great success for our employees, clients, and our business.”

**About Westwood:**

Westwood Professional Services, Inc. is a multi-disciplinary consulting firm providing complete and sustainable solutions to Land and Energy development clients nationwide. Westwood’s services include land surveying, aerial mapping, GIS, civil engineering, land rights, planning, environmental, cultural resources, landscape architecture, transportation engineering, visualization, construction management, and NPDES & SWPPP compliance. Westwood was established in 1972 and has multiple U.S. offices.
