WESTWOOD RENEWABLES – A NEW COMPANY

February 2, 2009

MINNEAPOLIS, MN – [Westwood Professional Services Inc.](#) and [Best Power International](#) are excited to announce the launch of a new company, [Westwood Renewables, LLC](#).

Westwood Renewables is dedicated to supporting national, state, and individual renewable energy goals. The new business will provide clients with over 50 years of energy consulting experience and focus on Photovoltaic (PV) projects in the Midwest. Westwood Renewables will kick off 2009 with the development of Minnesota's largest PV system (400KW).

The business will serve corporations, institutions, power providers, developers, architects, builders, and homeowners as the only Minnesota-based firm to offer complete system development for all types of solar applications.

About Westwood Renewables, LLC

[Westwood Renewables, LLC](#) is a strategic combination of Best Power International and Westwood Professional Services, established to provide comprehensive renewable energy project solutions including system analysis, site assessments, design, financing, installation, and maintenance. Westwood Renewables operates out of two Twin Cities locations.

[Best Power International](#), founded by Mario Monesterio, contributes almost 30 years to experience in solar and wind projects in the Midwest. Monesterio is recognized nationally for his contribution to educating businesses, students, and communities on the processes and benefits of renewable energy in the U.S.

[Westwood Professional Services](#) is a land and energy consulting company servicing clients across America. Westwood has assisted with several thousand acres of land development projects since 1972 and over 9,000 MW of utility scale wind and solar projects since 1997.
